BANGALORE.

Sir,

I have the honour to state that the term of service in this Department of Sub-Assistant Surgeon B. Parthasarathy Iyengar on Malarial Survey duty at Serangapatam expires with the close of the survey work at the end of this month, and to request that sanction of Government may be obtained to employ him, with the concurrence of the Senior Surgeon in the Public Health Institute, temporarily thereafter. I need hardly say that in the interests of work in the Institute, it is indispensable that at least a Sub-Assistant Surgeon is employed pending the appointment of a qualified officer as second Assistant. The services of the Sub-Assistant Surgeon now recommended will also be found useful in connection with the breeding of mosquitoes and their identification, which will partly have to be undertaken in the Institute as a result of the malarial survey that is being carried on in the Nagar taluk. The Sub-Assistant Surgeon was, prior to his being posted to Serangapatam, employed on malarial survey duty in the Bangalore City under the Health Officer and has
